

Diaper Drive

**Donate unopened packages of disposable diapers
in all sizes to local families in need**

DID YOU KNOW...

1 in 3 families struggle to provide their child with a basic essential - a clean, dry diaper.

Diapers are expensive. They can cost \$100 or more per month.

Babies need an average of 6 to 10 diapers a day.

SNAP (formerly food stamp program) and WIC (Women Infants and Children)
do not cover the cost of diapers.

Families with diaper need reported more difficulty with stress management, depression and coping
with trauma, which can negatively affect a child's health and development.

Babies who suffer from diaper need spend a day or longer in the same diaper
leading to increased health risks.
